## **Invitation to media: Partners in Education Digital Success Fair**

Partners in Education's final Digital Success Fair will be held on Thursday, Nov. 1, from 5:30 – 7 p.m. at the Goleta Valley Community Center. Through Digital Success Fairs, Partners in Education's Computers for Families program has already given computers to more than 200 families this school year. Media is invited to attend/cover.

At the Digital Success Fairs, families have the opportunity to learn about important community resources, including California HOPE 805, Santa Barbara Community College School of Extended Learning, EqualiTech, and Frontier and Cox Communications. Thanks to Partners in Education's partnership with California Emerging Technology Fund and the Frontier Affordable Broadband program, families who show proof of low-cost internet receive a free Chromebook.

In addition, families learn how to set up and use a computer and methods they can use to help keep their children safe online. Finally, families receive a free desktop computer to take home that evening.

For additional information, please contact Partners in Education's Program Services Manager Elizabeth Adams at (805) 964-4710, ext. 4413, or by email at [eadams@sbceo.org](mailto:eadams@sbceo.org).
